

Used these

Finished It!

Following simple safer sex procedures such as using a well lubricated condom at all times during sex can free you up to think about all the other things you want to do. It's pretty much that simple. And the next time you want to try out a few new moves, you know he'll be there... For more information on combating STDS such as AIDS and Syphilis or for free condoms and lube, contact the Howard Brown Clinic at 773-388-1600. <http://www.howardbrown.org>
